Mckay was born in 1912 in Montreal, Quebec. He began writing poetry and short stories as a teenager, and his first novel, *A Long Day in November*, was published in 1951. The novel tells the story of a group of survivors who are trying to rebuild their lives after a nuclear war. It was a critical and commercial success, and it helped to establish Mckay as a major figure in Canadian literature.

Mckay continued to write novels and short stories for the rest of his life. His work often explored the themes of human nature, the environment, and the future of humanity. He was also a strong advocate for Canadian literature, and he helped to found several literary magazines and publishing houses.

Mckay received numerous awards for his work, including the Governor General's Award for English-language fiction. He was also appointed to the Order of Canada in 1984. Mckay died in 2008 at the age of 96.

## **Mckay's Influence on Canadian Literature**

Mckay was one of the most important figures in the development of Canadian literature. His work helped to establish Canadian literature as a distinct and vibrant body of work. He was also a mentor to many other Canadian writers, including Margaret Atwood, Alice Munro, and Michael Ondaatje.

Mckay's work has been praised for its imaginative power, its exploration of human nature, and its insightful social commentary. He was a visionary writer who helped to shape the future of Canadian literature.

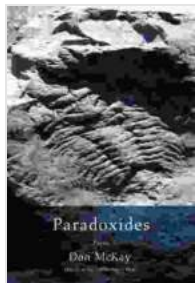

## **Mckay's Science Fiction**

Mckay was also a pioneer of Canadian science fiction. His science fiction novels and short stories explored the themes of the future of humanity, the environment, and the nature of reality. He was one of the first Canadian writers to write science fiction that was both imaginative and intellectually challenging.

Mckay's science fiction has been praised for its originality, its insights into the human condition, and its exploration of the big questions of life and the universe. He was a visionary writer who helped to shape the future of Canadian science fiction.
