The Sister Sarah Pick Trigger Numbers Finder Guide is based on the premise that certain numbers tend to appear together in winning combinations more frequently than others. Sister Sarah's extensive research identified these "trigger numbers" and developed a methodology to identify and capitalize on their presence in lottery draws and other gambling games.

The system involves a systematic analysis of past winning numbers, looking for patterns and correlations between different numbers. By identifying these trigger numbers and their associated combinations, players can narrow down their selection and increase the likelihood of picking winning numbers.
