## 1. Assessment and Individualized Learning

We begin by conducting a thorough assessment of each student's reading abilities. This diagnostic evaluation pinpoints areas of strength and

weakness, informing personalized learning plans that cater to their unique needs.

## **2. Guided Reading Instruction**

In small, supportive groups, students engage in guided reading sessions led by experienced educators. These sessions delve into diverse texts, fostering comprehension skills, fluency, and vocabulary development.

## **3. Independent Reading Practice**

Reinforcing classroom instruction, students are encouraged to engage in independent reading outside of class time. A well-stocked library and access to online resources provide ample opportunities for students to explore texts that pique their interests.

## **4. Progress Monitoring and Support**

Regular progress monitoring allows us to track students' growth and identify areas where additional support is needed. Our dedicated Reading Specialists provide individualized tutoring and targeted interventions to help students overcome challenges.
